# SWISS+TECH

## WHO WE ARE

Founded in his Ohio-based garage in 1994, Swiss+Tech is the creation of mechanical engineer Larry K. Legg. While working at a mechanical accessory parts company, Legg saw a need for multi-purpose tools that were smaller and more compact than what was currently on the market. Leveraging his engineering background, he set out to make his own micro sized multi-tools. The end result? A collection of the most compact and useful multi-tools ever developed. Infused with American innovation and Swiss craftsmanship, Legg appropriately named his new line of micro sized multi-tools Swiss+Tech.

With their unique design and myriad of uses, Swiss+Tech tools became an overnight success and earned a number of patents. As time went by, Swiss+Tech became a renowned international brand.

Today, Swiss+Tech is proud to be a part of GreatStar Tools U.S.A., a subsidiary of the GreatStar Group of companies. Swiss+Tech and GreatStar are joining forces to take the Swiss+Tech brand and product offering to an entirely new level. So no matter what your next project or outdoor adventure has in store, Swiss+Tech tools, lights and knives will be there when you need them - to ensure things get done right.

GOOD BRANDING IS  
ABOUT FEELINGS.  
CREATE FEELINGS.

The Swisstech strategy can seem very simple, create feelings around it's products. Feelings of desire, feelings of intrigue, and elegance. Feelings drive brand loyatly.

POWER YOUR ADVENTURE

# WALK ON THE WAY YOU CHOOSE

# BI-METAL

STAY SHARP  
LONGER  
**5X**

Laser deposited tungsten carbide along the blade's edge results in an ultra-hard and super-sharp finish, providing longer first-cut sharpness
