SWISS+TECH

WHO WE ARE

+ Founded in his Ohio-based garage in 1994, Swiss+Tech is the creation of mechanical engineer Larry K. Legg. While working at a mechanical accessory parts company, Legg saw a need for multi-purpose tools that were smaller and more compact than what was currently on the market. Leveraging his engineering background, he set out to make his own micro sized multi-tools. The end result? A collection of the most compact and useful multi-tools ever developed. Infused with American innovation and Swiss craftsmanship, Legg appropriately named his new line of micro sized multi-tools Swiss+Tech.

- + With their unique design and myriad of uses, Swiss+Tech tools became an overnight success and earned a number of patents. As time went by, Swiss+Tech became a renowned international brand.
- + Today, Swiss+Tech is proud to be a part of GreatStar Tools U.S.A., a subsidiary of the GreatStar Group of companies. Swiss+Tech and GreatStar are joining forces to take the Swiss+Tech brand and product offering to an entirely new level. So no matter what your next project or outdoor adventure has in store, Swiss+Tech tools, lights and knives will be there when you need them - to ensure things get done right.

THERMOS-40OZ/1200ML

KEEP IT HOT OR COLD: Our Vacuum Bottle is made with superior insulation that keeps liquids (soup, coffee) hot or cold drinks cool longer.

TOUGH AND DURABLE: The rust-proof 18/8 stainless steel construction on this insulated thermos means it can work just as hard as you do without impacting its performance. This is an ideal bottle to throw into your truck, work bag or travel with it.

MULTI-PURPOSE LID: The thermos is designed with a leak-resistant lid, so you can put it in your backpack without worrying about any spills. The wide mouth of the thermos helps with easy pouring into the lid that doubles as a cup.

FILL IT FOR THE DAY: Our vacuum bottle comes in 1.2qt so you can fill it up with water. The collapsible handle makes it easy to transport with you.
